

Dino
BULK TRUCK LOADER

THE WORLD'S BEST BULK TRUCK LOADER

With the Dino® bulk truck loader you can load a wide range of bulk goods efficiently. Each with a wide range of specific characteristics, packed in bulk bags, big-bags, containers with inner liner and even loose bulk goods that are moved with a shovel are no problem.

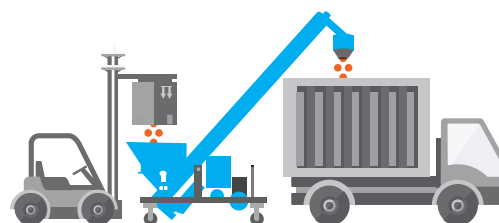

Fast loading

The big-bag (or other packaging) is placed in the hopper, which is adapted for your specific application. Using a screw, which is operated fully automatically, the bulk truck loader transports the bulk goods upwards. Via the outlet that connects to the manhole of the silo trailer,

the bulk goods are tipped into the silo trailer. With a capacity of 90 m³ per hour it is possible to fill a silo trailer within an hour.

Safe and efficient

The Dino® fully meets the EC standards, H&S legislation and Occupational H&S regulations. With the Dino® you can handle loading quickly, safely and efficiently.

Knowledge and experience

The extensive experience of our clients over the past 35 years have been incorporated in the design of the Dino®; we would therefore venture to assert that at the moment there is no better, functional mobile bulk loader than the Dino®.

Numerous options

Our extensive experience with bulk truck loaders means that many options are possible. Examples include:

- Available in two models: 45 and 90 m³/h
- Filter unit to prevent dust formation
- Loading bellows on the outlet
- Ease of cleaning the screw
- Simple foldable design so it can pass under a hall door
- Different hopper dimensions
- ATEX design
- Magnet in the outlet
- Screen in the inlet hopper

Customised

Our experts can also incorporate other options and special requirements into the machine. With the Dino® we present you with a customised solution.

Advantages at a glance

By using the Dino you can save a lot of time and money. Let us summarise the main advantages:

- Saves time and money
- Mobile and hence flexible in use
- Safe
- Easy to clean
- Quiet
- Low-maintenance
- Easy to operate
- Reliable

Global

We have now sold hundreds of Dinosaurs in Europe and far beyond, from America to Taiwan and from Finland to Namibia. You can find a few of our references on the website.
